### Notices

- 1) Harvest Sunday this year coincides with the Leprosy Mission lunch** at the Hotel de France on **Sunday 23<sup>rd</sup> September**. This will be in the presence of His Excellency the Lieutenant Governor and the guest speaker will be **Pam Rhodes** – well known to everyone as a presenter for ‘Songs of Praise’ (See the notice board for details). Please consider helping to form a good group from SHMC which this year will be our post-harvest lunch. **Please let Roy know by the end of August.**
  - 2) If you would like to receive offertory envelopes** please let Tony know and you will be included on the list for September onwards.
  - 3) On a Wednesday** Tony texts the men of the church an encouraging bible verse. If you want to be included just let him have your mobile number.
  - 4) August is going to be busy at the Centre** as we have lots of building work scheduled which will limit the amount of available car parking throughout the week and on a Sunday. Please be patient!
- Scaffolding for the west side windows means that there will be no car parking down the passageway.
- The nursery garden is being surfaced with new rubberised play material and the area completely upgraded.

The Café is being generously being upgraded by the Brick Foundation and the exciting plans are on the Café noticeboard. We are hugely grateful for their practical engagement both in design and skills which we have been awarded because of our service to the local community.

All of this involves a considerable amount of work by Sarah, management and nursery and we express a huge thanks to them for their skills, time and energies to enable the Centre to develop.

### **Did you know...**

There are 27 bones, 29 joints and at least 123 named ligaments in the human hand.

One of the wonders of the human body is our opposable thumbs—this means our thumbs and fingers can work together (koala bears also have opposable thumbs!)

What do these verses have in common? Exodus 15:6, Matthew 6:3, II Timothy 1:6, Psalm 143:6

Fingerprints are a completely unique DNA imprint that is different in every single human being. You are a one-off!

There are lots of words that include the word 'hand': handy, handwriting, handiwork, handle, handbag, handsome, handball, etc. How many can you recall?

How many times are hands mentioned in the King James Bible? (answer somewhere in these notices)

The average hand length for adult women is 6.7 inches. The average length for men is 7.4 inches

Fingers don't have muscles—tendons in our fingers are moved by the muscles of the forearm

It takes up to 6 months for a fingernail to grow from root to tip.
